

IEEE Journal of Electromagnetics, RF and Microwaves in Medicine and Biology
Call for Special Issue
Selected Papers of
2017 IEEE International Symposium on Antennas and Propagation and
USNC-URSI Radio Science Meeting

Special Issue Title: “Applications of Electromagnetics in Medicine and Biology”

The IEEE Journal of Electromagnetics, RF and Microwaves in Medicine and Biology (J-ERM), sponsored by IEEE MTT-S, APS and EMBS societies and Sensors Council, will publish a special Issue devoted to the 2017 IEEE International Symposium on Antennas and Propagation and USNC-URSI Radio Science Meeting. Authors of original research papers related to biomedical applications presented at the conference are invited to submit an expanded version of their papers to the special Issue. The expanded version requires significantly new technical content and results beyond the conference paper. Every paper will be reviewed in the same manner as regular submissions to this journal. Information of the journal can be found at <http://iee-jerm.org>.

The focuses of the journal are on unifying the sciences and applications of medicine and biology related to utilizing electromagnetics, radio frequency signals and microwaves/millimeter-waves. If you are doubtful whether your paper is suitable for J-ERM, please write to the editor-in-chief J.-C. Chiao (jerm-editor@ieee.org) or the guest editors listed below.

Please note that:

1. Papers should be submitted through the journal's web page <http://iee-jerm.org> leading to ScholarOne ManuscriptCentral.
2. In the menu for “Manuscript Type”, please select “2017 APS Special Issue”. The submission window will open after the conference.
3. Manuscript is limited to 6 pages maximum without citation pages.
4. The conference paper should be included with the submission as well.
5. The following note should be added to the footnote on the first page of the paper: “This paper is extended from presentation at the 2017 IEEE International Symposium on Antennas and Propagation and USNC-URSI Radio Science Meeting held at San Diego, CA, USA.”
6. The guideline and template for manuscript preparation can be found on the J-ERM webpage.
7. Electronic check will automatically reject papers with more than 15% overlap in text.

The due date for the paper submission is **November 30, 2017**. The expected publication date of the special issue is **March 1, 2018**. The journal is in electronic format so the accepted paper will appear in IEEE Xplore within a few days after acceptance.
