

IEEE Journal of Electromagnetics, RF and Microwaves in Medicine and Biology

Call for Special Issue

Selected Papers of

2017 IEEE Sensors Conference

The IEEE Journal of Electromagnetics, RF and Microwaves in Medicine and Biology (J-ERM), sponsored by IEEE MTT-S, APS and EMBS societies and Sensors Council, will publish a special Issue devoted to the 2017 IEEE SENSORS Conference. Authors of original research papers related to biomedical applications presented at the conference are invited to submit an extended version of their papers to the special Issue. The extended version requires new technical content and results beyond the conference paper. Every paper will be reviewed in the same manner as regular submissions to this journal. Information of the journal can be found at <http://ieee-jerm.org>.

The focuses of the journal are on unifying the sciences and applications of medicine and biology related to utilizing electromagnetics, radio frequency effects, devices and instruments. If authors are doubtful whether your paper is suitable for J-ERM, please write to the editor-in-chief or the guest editors listed below.

Please note that:

1. Papers should be submitted through the journal's web page <http://ieee-jerm.org> leading to ScholarOne ManuscriptCentral.
2. In the menu for "Manuscript Type", please select "2017 Sensors Conference Special Issue". The submission window will open after the conference.
3. Manuscript is limited to 6 pages maximum without citation/bio pages.
4. The conference paper should be included with the submission.
5. The following note should be added to the footnote on the first page of the paper: "This paper is an extended paper from the one presented in the 2017 IEEE Sensors Conference, held at Glasgow, UK on Oct. 30 – Nov. 1 2017."
6. The guideline and template for manuscript preparation can be found on the J-ERM webpage.
7. Electronic check will automatically reject papers with more than 15% overlap in text.
8. There is no page charge.

The due date for the paper submission is **March 31, 2018**. The expected publication date of the special issue is **July 31, 2018**. The journal is in electronic format so the accepted paper will appear in IEEE Xplore within a few days after acceptance.

Guest Editors

Dr. Kianoush Nazarpour, Newcastle University

Dr. Qammer Abbasi, University of Glasgow

Dr. Hadi Heidari, University of Glasgow
